

Tromsø and Kirkenes

A wonderful combination – the lovely city of Tromsø and the border town of Kirkenes, with its unspoilt wilderness surroundings and superb activities. A short flight between the two maximises the time available to enjoy both, but we can arrange for you travel between on the Hurtigruten if you prefer. In Kirkenes we now offer a choice of accommodation with the introduction of the beautifully located Sollia Guesthouse, and a choice of ways to enjoy the Snow Hotel.

Rica Arctic Hotel, Kirkenes

Located in the middle of Kirkenes, this comfortable three-star hotel offers restaurant, bar/lounge, sauna, small swimming-pool and well-equipped bedrooms with private facilities, TV, hairdryer and mini-bar.

Sollia Gjestegaard (Guesthouse)

In beautiful wilderness surroundings, about 20 minutes drive from Kirkenes and just 500 metres from the Russian border this attractive guesthouse offers a pleasing alternative if you would prefer to stay in a more remote location. Simple yet comfortable accommodation is offered in the Annexe with four twin bedded rooms, with shower/wc, TV, mini-kitchenette and a verandah. There are also a number of one and two-bedroomed cabins with family bunk-beds (double below and single above). The cuisine in the Gapahuken Restaurant is renowned locally, and has been highly praised by our clients visiting on excursions. The friendly owners now offer a variety of activities including husky and snow-mobile safaris as well as the popular hot tub and sauna experience. They also have kick sleds, snowshoes and cross-country skis which can be hired. Prices quoted include transfers from/to airport if you are staying at Sollia.
